APPLICATION PREAMBLE

The Association of Central Oklahoma Governments (ACOG), a collaborative, regional organization of local governments, has designated a portion of the awarded 2023-2025 EDA Planning Grant to provide valuable planning services to the municipalities within our region. As a result, ACOG has reserved \$45,000 to fund two cities to take part in the 2024-2025 Community Economic Resiliency Initiative (CERI) Program.

The CERI Program offers municipal governments the opportunity to develop planning demonstration (demo) sites that will model strategic community and long-term economic investment with a focus on placemaking and cultural heritage tourism.

CERI aims to engage local governments to develop the tools they need to become economically resilient and sustainable. Depending upon the scope of their application project, successful applicants will receive valuable planning consultant services, community research and public engagement guidance, proposed project implementation strategies, and best practices training.

The ACOG 2021 Updated Community Economic Development Strategy (CEDS) is to be a focal point of any planning demonstration site proposal throughout this application process. The CERI Program strives to encourage and demonstrate healthy, economic best practices proposed in the [ACOG Updated CEDS](#). Your CERI application must align with one or more of the following CEDS goals: Transit-Oriented Development; Placemaking; Business Adaptation; Opportunity Zones; Partnerships and Collaboration; and Government Policy Responsiveness¹.

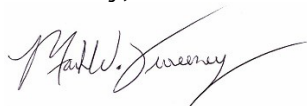

ACOG has partnered with the University of Oklahoma Institute of Quality Communities (IQC), a community engagement program that helps students build partnerships with local governing and civic organizations to design solutions to local problems that affect the health, the economy, and the quality of life of Oklahomans. IQC will be procured through an inter-local government agreement with ACOG to provide planning consultant services to each of the selected applicant cities for the planning demonstration sites.

Eligible entities include any city/town that is a current member of the ACOG Board of Directors, has a population of 25,000 residents or less based on the 2020 U.S. Census Data, and is located within Logan, Oklahoma, Canadian, or Cleveland Counties.

ACOG developed a budget of \$22,500 designated per city/town to provide practical planning assistance through IQC. Any municipality that wishes to take part in the CERI Program must contribute \$2,500 in local funding for a total of \$25,000 in valuable planning consultant services. ARPA or any other federal funds are not eligible for the contribution.

ACOG looks forward to receiving your application no later than **5:00 p.m. on Monday, July 15th, 2024**. If you have any questions, please feel free to contact Sharon Astrin, Community and Economic Development Manager, at 405.234.2264.

Sincerely,

Mark W. Sweeney, AICP
Executive Director

SECTION 2:
PLANNING DEMONSTRATION (DEMO) SITE INFORMATION

Project Name

LOCATION - Address and/or other geographic indicators:

PLANNING DEMONSTRATION SITE MAP

- Include site map in an ARCH C (18 x 24 inch) format and ensure that the site map includes a north arrow, road names, designated boundaries of the proposed project location, and legend, if needed.

SELECT THE CATEGORY/CATEGORIES THAT BEST DESCRIBE YOUR PROPOSED DEMO SITE

- Within a half mile radius of the main government building/city hall/courthouse (town center)
- Within an existing or proposed boundary of a regional park/recreation area
- An existing business corridor, or within a main street/commercial district
- Cultural/heritage tourism site (historic place or district)

SECTION 3: **PLANNING DEMONSTRATION SITE JUSTIFICATION**

BACKGROUND INFORMATION

In 1,000 words or less, describe the details of the planning demonstration site and include information about the potential site, the importance of the site to the community, any cultural/historic importance or significance, major and/or minor assets, and issues that may need to be addressed.

COMMUNITY OBJECTIVE STATEMENT

In 500 words or less, describe why this site was chosen and explain the desired outcome from this planning project.

ACOG UPDATED CEDS GOALS

Additionally, in 250 words or less, describe how your planning demonstration site addresses one or more goals of the [ACOG Updated CEDS](#).

SECTION 4

LOCAL COMMITMENT

- Describe if your community has actively engaged in any planning efforts, investments, or construction projects that may incorporate a portion or all of the proposed planning demonstration site.
- Required local commitment and engagement documentation:
 - Establish a **Community Steering Committee** of specific local stakeholders (realtors, bankers, small or large business owners, large landowners, minority, and faith-based community representatives, etc.) that are dedicated to being involved throughout the entire planning process. **A minimum of six (6) individuals must be identified as part of the application submittal.**
 - Provide **letters of support** from local organizations, civic clubs, businesses, and from other community stakeholders.
 - Provide an **adopted and signed resolution** from the governing body of your municipality acknowledging long-term commitment to this endeavor (refer to CERI Program Resolution on page 8.)
- If selected, a CERI participant can expect the following services from IQC. Please initial to acknowledge that your primary staff contact, and Community Steering Committee will proactively coordinate with IQC on each phase of the planning process:

Establish the Project (September – October 2024)

IQC team and the Community Steering Committee will hold preliminary meetings to refine the goals and scope of the project. The local project lead will assist IQC in compiling background documents and data.

Conduct Research and Ongoing Engagement (October 2024 - May 2025)

IQC and the Community Steering Committee will establish a meeting schedule so that the Community Steering Committee can support research and engagement, and so the Committee can review progress. The Committee will assist IQC in shaping an engagement strategy that invites residents to participate in determining outcomes through workshops, charrettes, surveys, interviews, walk-and-talk meetings, or other activities. Engagement will continue throughout the project. The Committee will review progress as IQC prepares research on topics like history, demographics, asset-mapping, urban form analysis, field work, precedent studies, related trends and best practices, or other areas of relevance.

Develop Recommendations (February – April 2025)

IQC will develop and present design and/or planning strategies for review and refinement by the Community Steering Committee. IQC will refine these into a series of short-term and long-range action items with steps toward implementation, and related funding opportunities.

Deliver Final Reports and Presentations (May 2025)

IQC will deliver a final narrative and graphic report, and a presentation slide deck. The Community Steering Committee will assist in scheduling a final presentation where IQC will present results to local officials, stakeholders, and the public.
