### SUBJECT:

**PEDESTRIAN SAFETY AWARENESS MONTH**

### DATE:

OCTOBER 9, 2024

### FROM:

**JOSE JIMENEZ**

Transportation Planner I - Safety  
Transportation Planning Services

### INFORMATION:

October is designated as National Pedestrian Safety Awareness Month by the National Highway Traffic Safety Administration (NHTSA) and the Federal Highway Administration (FHWA). ACOG is planning a series of events and messaging campaigns to help raise awareness in Central Oklahoma from October 9 through November 18.

Pedestrian Safety Month kicks off with Walk or Roll to School Day which is held nationwide on October 9. Schools in the ACOG region are invited to participate on the day that suits their school best.

Additionally, staff will attend several community events and trunk or treats to share Watch for Me OK material. ACOG is currently working on the Regional Safety Action Plan and several events are planned in October to highlight this effort. More safety tips and information will be shared at these events.

After the success of last year's screening of *The Street Project*, ACOG and Watch for Me OK are planning to screen the documentary, *3 Seconds Behind the Wheel*, on October 28 at 6 p.m. at the Ronald J. Norick Downtown Library in Oklahoma City.

Information on these events and more will be available in the coming weeks. Local communities, schools, and other organizations interested in taking part or hosting an event are encouraged to contact Jose Jimenez at [jjimenez@acogok.org](mailto:jjimenez@acogok.org).

**SUBJECT:**  
**REGIONAL SAFETY ACTION PLAN UPDATE**

**DATE:**  
OCTOBER 9, 2024

**FROM:**  
**JOHN SHARP**  
Deputy Director

**INFORMATION:**  
In 2023, ACOG was awarded a \$192,000 Safe Streets and Roads for All (SS4A) federal grant to develop a safety action plan. A Regional Safety Action Plan (RSAP) is a vital endeavor for Central Oklahoma. By establishing a framework, identifying priority areas, and implementing evidence-based strategies, ACOG aims to reduce crashes, injuries, and fatalities, ultimately ensuring the safety and well-being of our community. Ultimately, ACOG is working towards a regional goal of Vision Zero.

Consultants Kimley-Horn and the Gooden Group, along with ACOG staff, hosted the Regional Safety Summit in February to engage executive leadership, elected officials, and existing and potential participants at all levels. Since then, there have been a number of public interaction workshops and public meetings to gather feedback from residents in the region. An interactive regional map was hosted on ACOG’s Safety website to allow the public to mark where they see safety issues. They could also provide detailed comments concerning the types of problems they are experiencing.

ACOG has convened an RSAP Planning Team to help guide the planning process and they have met four times. Over the last couple of months, Kimley-Horn has developed the High Injury Network (HIN) for the region using crashes from 2017-2021. This crash data was from the Oklahoma Highway Safety Office (OHSO). The HIN was developed from the severity of the crashes – fatality, incapacitating injury, and non-incapacitating injury. These crashes were aggregated by crash severity on the regional road network. Then a list of the highest score HIN corridors was provided to the RSAP Planning Team for them to choose eight corridors in which to do a deep dive. The consultant and ACOG staff then met with each community that had one of these eight HIN corridors to discuss possible solutions. A presentation on this process will be made at the October meeting.

A draft document will be presented to this committee later this fall.

### **INFORMATION:**

As part of the ongoing effort to maintain an accurate and comprehensive inventory of active transportation infrastructure, ACOG is requesting that ATAC members review the current bike and sidewalk maps for the ACOG MPO region. The goal is to ensure that all existing and newly completed bike lanes, sidewalks, trails, shared-use paths, and other relevant facilities are accurately represented. The completion dates for each of these facilities is also very important.

Please use the following links to access the webmaps:

[ACOG Bike Network for Review Sept 2024](#)

[ACOG Sidewalks for ATAC Review 2024](#)

Members are encouraged to thoroughly assess the maps and provide feedback on any infrastructure that may be missing or incorrectly displayed. This includes, but is not limited to:

- New infrastructure completed in your jurisdiction that is not currently reflected.
- Existing infrastructure that may have been overlooked on the current map.
- Corrections to mislabeled or inaccurately mapped infrastructure.

During the meeting, staff will present the maps. Please submit your updates and edits via email to Jose Jimenez at [jjimenez@acogok.org](mailto:jjimenez@acogok.org) by Wednesday, October 30, 2024.
